## "Days of Real Sport" Realized by Boy Scouts

Local Lawyer Tells of Experiences While Guest at Kamp Kia Kima.

(Editor's Note—Milton B. Rose is a Memphis lawyer, but like many red-headed Memphians, at heart he is a boy. Recently he visited the Boy Scouts' Kamp Kia Kima at Hardy, Ark. Below Mr. Rose tells in his own way his story of mingling with the boys who are having the time of their young lives "in the days of real sport.")

BY MILTON B. ROSE.

There is nothing on Kamp Kia Kima, where I was the guest of the boys, who are having the time of their young lives "in the days of real sport." The place is a beautiful spot, and the boys are having the time of their young lives "in the days of real sport."

These boys are under the direct supervision of a Scoutmaster, who is a man of high character and high ability. They are all boys of high character and high ability. They are all boys of high character and high ability.

There are some of the names I caught while spending a few days at the camp. They are all boys of high character and high ability. They are all boys of high character and high ability.

Almyr McLain, assistant director of

camp activities, is a "peach" of a boy and always on the job. J. B. Parker, who has charge of the manual training department at the camp, is quite a leader and an artistic craftsman and genius. He is connected with the local high school of Memphis.

There is little Charlie Metcalf, affectionately called "Geddy," who is known for his gentility and irresistible good cheer and whose smiling face radiates sunshine among his fellows. This little mite of a boy is already a leader.

David Heister, "Hercules II," who is going to play in camp all the summer is destined to bigger things in Scoutdom.

A. D. McWhirter, affectionately called "A. D.," is an ideal lodge leader who soothes all the camp's tenderfoots.

Gay Tavis is a prince of a good fellow, many yet refined and has charge of the lodge that won the much prized inspection ribbon more times than any other lodge.

O. M. and H. B. (twins) affectionately called "Buddy and Biggie," who came out of the camp real fellows, both won service caps and had at last to be sent home because Mother Hawk got lost.

Some of these young fellows, they are all regular boys, alert, manly and ambitious.

camp for Birmingham, Ala., as an Eagle scout.

Tenderfoots Converted.

Herbert Buchanan, "Buck," is a real leader, for he has the proper camp "peach." William Egan attained a merit badge rank in three weeks, for he is capable and progressive.

William Wilkerson, known as "Bill," came a tenderfoot and won the first aid contest on field day exercise. He is a protégé of Scoutmaster W. P. Ward, of Troop 31, Memphis.

Charles Vogel joined the scouts Friday night before opening of camp, and is now waiting for time before having the merit badge rank conferred on him. Harry Dinkelspiel, "Dinky," has had a meritorious rise from a tenderfoot to a merit badge rank, and he is a splendidly good scout.

Above all things that impressed me most while at the camp was that every boy has learned how to swim and play water polo.

Swimming is taught as a most necessary part of their training. Some of the older boys have attained a great proficiency in swimming, having passed the Red Cross life saving requirements.

While the boys are in swimming they are watched and cared for by the older boys and the scout executive, Crow.

Mother Crow, who is the wife of the scout executive, takes a personal interest in every boy in camp, which adds much to the morale of the boys.

Food is wholesome, fresh and plentiful and the cooking is done by "Jah" Andrew Jones, who serves two meals a day.

Personally, my visit to the camp was not only a source of great pleasure and helpful relaxation, but gave a new perspective on the Boy Scout organization for the whole boy in the world today, and my only regret is that more of the parents of the boys in the frequent visits to the camp in order to learn what is being done for their young men.

### AUSTRIAN GOVERNMENT WILL SEIZE JEWELS

VIENNA, Aug. 5.—The government has decreed that it will take over all gold, silver, jewelry, foreign bonds and forests which are in the possession of private individuals, who will receive compensation for them. One of the government's objects is to obtain funds to purchase coal and raw materials in order to provide work for the people. Incidentally to buy foodstuffs, without which the starvation conditions of last winter will be horribly accentuated this fall.

It is predicted that unless the allies occupy Budapest and end the present communist regime the country's crops will be wasted and the people will starve in the coming winter.

The first effect of a kind of block established by a force of American soldiers along the Austrian frontier of materials which represent money, from flowing out of the country, for it is known that the communists are sending money abroad for propaganda purposes. The Americans are experiencing great difficulties in controlling an immense amount of contraband traffic that is being sprung up in small border towns like Bruck, through which the communists are sending out money and Hungarian men who fled to Vienna and are trying to bring out their buried treasures and bonds. There is said to exist a special smuggling service carried out by a special plane by means of which hundreds of millions of dollars have been converted out of the country.

## HOW CHURCH MAY SERVE COMMUNITY

Presbyterians Will Discuss Question at Conferences Held in August.

How it may best serve the community needs will be considered by the Presbyterian New Era conferences in Tennessee and Mississippi during the month of August. The conferences will be held under the direction of Rev. George B. Black, D. D., field secretary of the Presbyterian New Era movement. Good roads, good roads, good farm methods, good sanitation, good cooking, good sewing, good church advantages, and among community needs which will be considered as offering the church a special field for humanly service. An effort will be made to devise a program that will give laymen and women a large share in the tasks of the church. Under the subject of elevating methods will be devised for enabling farmers to determine their income so as to know what proportion to give. Two teams will divide the conferences among themselves so that some of the leaders will be present to direct the discussions. The itinerary of these teams is as follows:

### Mississippi Presbytery.

Team No. 1—Aug. 7, 8, 9, Bethel church; Aug. 10, 11, 12, New Canaan; Aug. 13, 14, 15, Batesville; Aug. 16, 17, 18, Coffeeville; Aug. 19, 20, 21, Pine Hill; Aug. 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1916. Team No. 2—Aug. 7, 8, 9, Olive Branch; Aug. 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1916.

### Tennessee Presbytery.

Team No. 1—Aug. 8, New Market; Aug. 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1916. Team No. 2—Aug. 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1916.

## TURKS KILLED GREEKS BY STEAM OF BATHS

NEW YORK, Aug. 5.—Charges that Turkish officials decimated the Greek population along the Black Sea coast, 200,000 men, women and children living between Sinope and Ordu, without the shedding of blood but by "parboiling" the victims in Turkish baths and turning them half dead out to die of pneumonia or other ills in the snow of an Anatolian winter, are made in a letter from Dr. George E. White, representative of the American committee for relief, the near east, made public here today.

Sinope was the birthplace of the philosopher, Diogenes, Dr. White recalls, and Ordu is just beyond Cape Iason which is still preserved in memory of the Argonauts and the Golden Fleece. The letter, written to Prof. J. Xenides, secretary of the Greek relief committee here, described the new method of ridding the land of its inhabitants which, it said, was somewhat different from that employed by the Turks against the Armenians.

The worst of the crimes laid to the Turks, according to Dr. White, were committed in the winters of 1915 and 1917, when orders were issued for the deportation of the Greeks along the Black Sea coast. The people he wrote, were crowded into the steam rooms of the baths in Chorum under the pretense of sanitary regulations and after being tortured for hours were turned out of doors into snow almost knee-deep, and without lodging or food. Their

## KOREANS BE TRIED FOR LIBERTY ATTEMPT

SEOUL, Korea, Aug. 5.—For drawing up a petition to the Japanese government praying for the restoration of independence to Korea, and for distributing it to Tokyo newspapers, Viscount Kin In-shoku, Viscount Ki To-shoku and three other Koreans have been arrested on charge of violating the law for the preservation of peace, have been found probably guilty in the Seoul district court and committed for trial. Viscount Kin is president of the Keishaku college. One of the petitions was presented to the Japanese premier with a request that the matter be brought to the attention of the emperor.

City taxes. Bring last year's receipts. It helps in the rush. adv.

# Beef and "Pep"

Beef is the Body Builder.

There are few foods that put such pressure behind human energy.

Nothing is more savory than a cut of fine, juicy beef.

How many ever think of the months and years of effort that have gone into the making of this healthful food.

Producers have given years to improvement of breeds of cattle in order that your piece of beef may be more juicy and tender.

There is no substitute for beef.

Easy of digestion, its life-giving properties promote growth and stimulate appetite.

New vim and vigor are imparted to growing children.

The worker has his labor-worn tissues replaced by beef.

## Resinol will soothe that itching skin

The first application of Resinol usually takes the itch and burn right out of eczema and similar skin-affections. This gentle, healing ointment seems to get right at the root of the trouble, restoring the skin to health in a surprisingly short time. Resinol is sold by all druggists.

## Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multifold cocoon oil shampoo (which is pure and entirely greaseless) is much better than anything else you can use for shampooing, as it can't possibly injure the hair. Simply massage your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get Multifold cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
